Embedding Video In Canvas - Instructor

It is possible to embed videos into your Canvas Course. This tutorial will explain how to access the embed code for:

- YouTube
- Ted Talks
- Prezi
- Vimeo
- The process to embed video into Canvas

How to Find YouTube Embed Code

To copy the Embed Code from your YouTube account:

Navigate to your uploaded video’s page.
➢ Click Share
➢ Click Embed
➢ Highlight and Copy the Embed code.

How to Find Ted Talks Embed Code

Search and find the TED video you would like to share in your Canvas course.

Under the video you’ll find 5 circular buttons.
➢ Click the button with </> symbol.

After you click the </> button, a new window will open.
➢ Select the size player you would like to use. Keep in mind too large of a player may cut part of the video.
➢ Highlight and copy the code in the box under Copy & paste and copy this code

Return to top
How to find the Embed Code for Prezi

➢ Go to your Prezi library.
➢ Locate the Prezi you wish to share.
➢ Click the Embed button.

➢ Select “how” you want the video to play.
➢ Highlight and copy the embed code.

How to find the Embed Code for Vimeo

➢ Locate and click the paper airplane icon at the top right of the video

➢ Click the box under the word Embed to highlight the full embed code.
➢ Highlight and copy the code.
