Turnitin in Canvas

Turnitin Canvas Guides

➢ Create a new Assignment either by adding to a Module or by going directly through the course Assignments.

To add an assignment to a Module

➢ Click

➢ Next to the name of the Module where the assignment belongs, click

➢ From the drop-down box, choose Assignment to select

➢ Give the Assignment a name

➢ Click

➢ Once the Assignment is added to the Module, click directly on the name of the newly added Assignment to Edit.

To create new assignment under Assignments

➢ On the course menu, click

➢ Click

The University of Southern Mississippi
➢ Name your Assignment

➢ Add the necessary instructions

➢ You can add files as needed.

➢ Add the point value

➢ Scroll to Submission Type to click

External Tool

➢ Click

External Tool Options

Enter or find an External Tool URL

http://www.example.com/launch

Find

□ Load This Tool In A New Tab
➢ Locate and click

![Turnitin](image)

➢ Click

![Select](image)

This is a matter of preference. The assignment seems to flow better if you do not select to “Load Name your Turnitin Assignment in a new window”.

➢ The default setting is to “Everyone” in the course, but this can be changed.

➢ Add the Due Date

➢ To open the calendar tool, click

![Calendar](image)
➢ Pick the date from the Calendar.
➢ Enter the time in the box below, if you do not want the default time of 11:59pm
➢ Click

➢ To get to the Turnitin settings page, click

![Calendar](image1)

Once Saved and Publish, the assignment will kick to the Turnitin drop box. All student submissions will start appearing here for the instructor.

➢ To setup your Turnitin Options, click

![Settings](image2)

(_settings can only be seen on full window view)

If using a tablet or enlarged screen, you may not see Settings.
➢ To see Turnitin Settings, click

![Settings](image3)

➢ To return to the Canvas Assignment settings, click

![Edit Assignment Settings](image4)

Helpdesk allows you to report technical issues with Turnitin.

The University of Southern Mississippi
Turnitin Settings allows you to setup dates and times, specify file requirements.
